**4700 SERIES MOBIUS SEATING**

*The entire chair serves as a control system. Referred to as a patented design concept of "body-regulated ergonomics," Mobius represents a major breakthrough in seating design. Stunning, passive ergonomic seating is exceptionally simple to work with. Complex curved back provides dynamic lumbar support and gently "hugs" the torso. Super strong polymer shell flexes in response to your movement. Pneumatic seat height adjustment; "inverse synchro-tilt" opens torso for better circulation. Tilt limiter features infinite locking to control range of motion. "Zero lift" seat front helps keep feet on the floor when reclining. Meets or exceeds ANSI/BIFMA and ISTA performance standards. Covered by The HON Limited Lifetime Warranty.*

**ALLURE<sup>™</sup> SEATING**

**SIMPLY IRRESISTIBLE**

*This is a chair with a certain seductive quality. The graceful styling and "pillowed" detailing just seem to take you in. And once you sit down, you'll be tempted to stay there all day. The curvilinear back incorporates integral lumbar support and a carefully proportioned "pocket" to cradle the shoulders. The waterfall seat has a thick layer of NASA-developed "memory foam" that dramatically reduces pressure points during those extended workdays. Tantalizing design, gratifying comfort. That's the appeal of Allure.*

**GRACEFUL URETHANE ARMS ARE CANTED INWARDS FOR EXCELLENT SUPPORT.**
